Wings for All

Wings for All is an airport “rehearsal” specially designed for individuals with autism spectrum disorders and other intellectual, developmental and physical disabilities and their families.

The program provides families with the opportunity to practice entering the airport, obtain boarding passes, go through security, and board an airplane; which is especially helpful for those who are concerned about their loved one’s ability to handle an airport environment.

Participants will spend approximately 45 minutes to 1 hour onboard, interacting with the crew and exploring the aircraft, which stays on the ground the entire time.

After the event, refreshments will be served in the airport lobby.

This is a **FREE event, but all participants must pre-register.**

Participation is limited to the number of seats on the aircraft.

(Each person with a disability is allowed up to two companions, all of whom must pre-register)

Registration opens on August 1, 2018!

(approximate event time will be 12 Noon - 3:00 PM - an actual schedule will be provided after registration)

Visit www.thearcuppervalley.org for the link to online registration.
