## Intro to Proloquo2Go Training

Proloquo2Go is a full-featured communication app that offers a solution for people who have difficulty speaking. In these sessions you will learn about the features of Proloquo2Go and how to customize the app for each user. You will learn about the customizable feature in the app, how to customize the vocabulary, back up your device, use word prediction and use grammar support. This workshop series should provide you with the basic skills and knowledge to customize P2G on your own.

This workshop series will run every Thursday evening from February 8 through March 15. The sessions will run from 6:30 - 8:00. This will be a hands-on workshop so space will be limited.

Workshop Presenter - Mark Coppin
